*** Records for some of this player's games are lost or no longer exist. It is likely that this player scored more points than indicated and both his career points and career average should be higher.*

Additional note - the school closed in spring 1989, but all official basketball records after the end of the 1981-82 season are missing. Numerous other deserving players would have made the school's all time scoring list if records existed. The search for records is ongoing. Additions and corrections will be made if more data is found.
